Fisheries (South Kanara) - Karkal taluk and town - 'Anekere' tank - Fishing - Prohibition.

From the Collector of South Kanara, D.Dis.No.4696-40, dated 25-10-40.

From the Board of Revenue, Re$.No.Rt.896, dated 21st February, 1941.

In order to respect the sentiments of the local Jain temple authorities and at the same time to protect the Panchayat Board, Karkal, from loss of fishery revenue, the Board of Revenue has suggested the following arrangements:-

(a) The trustees of the temple in the 'Anekere' tank should take the fishery in the tank on lease for Rs.69/- (Sixty nine) per annum for an indefinite period (This amount represents the average annual income from the fishery viz. Rs.60/- plus a solatium of 15% or Rs.9/-);

(b) The temple authorities will under the lease be free to fish or not, or to fish in some parts and not in others; as they please

(c) The temple authorities and the Government will each have the right to terminate the arrangement on a year's notice.

2. The Collector of South Kanara is requested to put the above proposals to the temple authorities after explaining to them the circumstances under which they are made, and to report whether they are willing to accept them. The Collector should submit his reply through the Board of Revenue.

In the circumstances reported by the Collector, the BD considers that it would be desirable to prohibit fishing in the 'Anekere' tank in which case the Panchayat BD has to be adequately compensated by the Jain community. I had a talk with Sri K.B.Jinaraja Hegde, M.L.A. (Central) who was acting on behalf of the temple authorities, on the ----- subject of prohibition of fishing in the 'Anekere' tank. His -- difficulty about the Fisheries Act was that Section 6(4) of the - Act (Act IV of 1897) allows prohibition of fishing only for two years. This section has, however, been amended by the Indian -- Fisheries (Madras Amendment) Act, 1927 (Madras Act II of 1929) and a complete closure can be ordered. It is desirable to invoke -- Section 6(5) of the Act for enforcement of the prohibition ------ effectively, and so I recommend that a notification may be ----- published under Section 6(4) of the Act after previous publication under Section 6(6) of the Act, prohibiting all fishing in -- this water.

2. The closure of fishing in the tank will not materially --- affect the employment of the local fishermen, as the fishing in the tank is not resorted to as a vocation by the persons who ---- fish in it. The fishing is done only during four months in the

year and that too on a small scale. The food supply will not also be affected. The residents of the village do not solely depend on the fish collected in the tank.

3. The temple authorities have now consented to pay a lump sum of Rs. 1500/- to the Karkal Panchayat Board as compensation for the complete prohibition of fishing in the 'Anekre' tank.

Fisheries - South Kanara - Karkal - Anekere tank - Fishing - Prohibition - Orders passed. [G.O. communicated]

From the Secretary, All India Digambar Jain Political Rights' Preservation Committee, dated 9th August 1940.
-do- From the President, All India Digamber Jain Community, dated 6th June 1940.
From the Collector of South Kanara, D. Dis. No. 4696/40, dated 25th October 1940.
From the Board of Revenue, Res. R. No. 896, dated 21st February 1941
From the Board of Revenue, Ref. A. 1007/41-1, dated 10th July 1941.
From the Board of Revenue, Ref. A. 1007/41-2, dated 2nd January 1942

Order:--

The Government accept the recommendation of the Board of Revenue that the 'Anekere' tank in Karkal in the South Kanara district should be closed to fishing after recovering from the authorities of the jain temple situated in the midst of the tank, the sum of Rs.1,500/- (Rupees one thousand and five hundred only) being the capitalised value of the average annual fishery rental of Rs.60/- at 25 years' purchase. The sum so recovered should be paid in a lump to the Karkal panchayat board to compensate them for the loss of rentals which were being credited to it. The Collector of South Kanara is requested to advise the Panchayat Board to invest the sum in Government securities - such as Madras Government loans or Defence Loans of the Central Government, if scrip is available.

2. The Government have examined the question whether it is necessary to invoke section 6(4) of the Indian Fisheries Act, 1897 as in force in this Province in order to prohibit fishing in the tank. That section contemplates the making of rules for prohibiting fishing in specified waters except under a lease or licence and in accordance with its conditions. The provision is intended to regulate fishing in certain waters and it cannot appropriately be invoked where the intention is to prohibit fishing absolutely in a particular tank. The tank in this case belongs to the Government and it is open to them in the exercise of their ordinary rights as owners of the tank to prohibit fishing in it. Where fishing has been so prohibited, the catching and taking away of fish from the tank will amount to theft. A person who enters the tank with intent to fish therein will also be committing the offence of criminal trespass. The Government therefore consider that it is unnecessary -do- to invoke section 6(4) of the Indian Fisheries Act. The fishing in the tank should be prohibited by the Government in exercise of their ordinary rights as owners of the tank.
